THE MODERN DREAM 18

The year 2017 marks the 35th anniversary of the MGA's first selection of a Dream 18. To commemorate the anniversary, we decided to create a Modern Dream 18, chosen only from courses built since the original Dream in 1982. Qualified candidates were identified, voting took place, and the selections were made. The result: a par-72 course, playing 7,624 yards from the farthest tees and stretching to nearly all corners of the MGA's domain.

Take a hole-by-hole tour of the course, complete with photos, diagrams, and insight from club staff:
